

## Basic Information

This assignment is due on Gradescope by **1:30 PM on Tuesday, September 10**.

Make sure you understand MHC [honor code](#) and have carefully read and understood the additional information on the [class syllabus](#). I am happy to discuss any questions or concerns you have!

A major component of this class is helping you understand *why* the mathematics you use works the way it does. To that end, make sure you show all your work as you will be graded on the *process* you use, not just your final answer. And if a question asks you to explain why something is true, be sure to answer that part of the question in complete sentences. Remember, answers without any work will receive 0 points.

The homework problems will be graded anonymously so please do not put your name or other identifying information on the pages.

## Initial Questions

Have you shared your word list with me yet? If not, this is your friendly reminder to do so!!

## Turn-In Problems

1.1: 12, 18, 36, 40  
1.2: 16, 26  
1.3: 18

## Additional Problems (to do on your own, not to turn in)

1.1: 13, 17, 37, 39  
1.2: 23, 27  
1.3: 19
